## Profile

Classically trained in fine art, I have over 6 years experience developing an appetite for rich yet uncomplicated design. While crafting outstanding work, I always maintain a laid-back and drama-free attitude and am not above grunt work. An electronic music and film enthusiast with a deep understanding of technology and nature, I am quick to find my way around new territory.

## Experience

### **LEAD DESIGNER/DEVELOPER, PLATINUM RECORDS – 6 MONTHS (CURRENT)**

Logo and branding, eCommerce UX/UI, digital marketing campaigns, MySQL database management, payment processor API integration, cross-team communication

### **IMAGE RETOUCHER, NORTHWEST SPORTS PHOTOGRAPHY – 1.5 YEARS**

Enhanced sports photographs using Photoshop, calibrated and operated large format printers, navigated backend servers for incoming work orders

### **MUSIC JOURNALIST, IMPOSE MAGAZINE – 3 MONTHS**

Published 30+ articles on contemporary music, arts, and culture, communicated daily with editor

### **FRONT DESK, MEDIA LOAN AT THE EVERGREEN STATE COLLEGE – 1 YEAR**

Performed weekly maintenance on high-end media equipment, answered phones, updated inventory on Excel

### **AEROSPACE ENGINEER, PRECISION CASTPARTS – 4 YEARS**

Ensured aerospace and nuclear grade castings conformed with dimensional, thermal, and metallurgical specifications, monitored data acquisition servers, operated CMM machine using AutoCAD, operated forklift, improvised during interruptions
